Employment

Apr 2024 –

University of Cambridge

Research Associate

- Supervisor: Dr Jon Sterling
- Funding provided by US Air Force Grant FA95502310728 ‘New spaces for denotational semantics’
- Extending the reach of denotational semantics with a homotopical and geometrical understanding of computation via higher dimensional category theory and topos theory

Education

Oct 2020 – Mar 2024

University of Leeds

PhD in Category Theory

- Funding provided by EPSRC Scholarship
- Supervisors: Dr Nicola Gambino, Dr Andrew Brooke-Taylor
- Thesis Title: Commutativity of Relative Pseudomonads

Oct 2019 – Jun 2020

University of Cambridge

Masters of Mathematics (Part III) – Pass

Oct 2016 – Jun 2019

University of Cambridge

Bachelor of Arts in Mathematics – First

Research interests

My research is in higher category theory and its applications to logic and computer science. I am particularly interested in the use of categorical structures such as higher-dimensional multicategories, pseudoadjunctions and pseudoalgebras in contexts such as topos theory and fibred categories.
